2. **Term.** Coverage under this Agreement will commence on the earlier of (i) (90) days after the date the Product is shipped from the manufacturing facilities of F5, or (ii) the date the covered Product is activated with F5, or (iii) if F5 has no record of license activation, service will begin on the ship date and no service extensions will apply. . Customer support agreements will automatically renew for additional one year terms upon submission of a purchase order for renewal, unless either Customer or F5 provides written notice of termination at least 30 days prior to the end of any such term. In the event that Customer accesses F5 support services in any way after this Agreement has expired or been terminated, Customer will continue to be bound by this Agreement, including without limitation Sections 4, 10, and 11, which will continue to apply to the services after such expiration or termination. Each renewal will be at F5's then-current rate. Services pricing will be charged for all F5 Product platform and add-on software purchases. The total service price will be calculated as a percentage of total list prices, appropriate to the level of service purchased. Either party may terminate Customer's F5 support services under this Agreement upon 30 days' notice in the event of a material breach by the other party of this Agreement, provided such breach is not cured by the end of such 30 day period.
3. **F5's Obligations.**
 - (a) F5 will provide telephone support for any Product covered by this Agreement. Such support will consist of responding to trouble calls as reasonably required to make the Product perform as described in the current Product specifications. Customer will receive Standard or Premium service as indicated in its order for the F5 support services. Customer support will be provided in accordance with F5's support policies which are available at www.f5.com/about/guidelines-policies.
 - (b) Customer is entitled, at no charge, to updated versions of covered Products, such as bug fixes and new releases that are generally made available at no additional cost to F5's customers that have ordered maintenance services for the relevant time period. The foregoing right shall not include any options, upgrades or future products which F5 or third party vendors charge for as a separate product or where Customer's installed hardware platform has no further upgrades available according to either (i) the applicable F5 software release notes provided with each release and also available for review via the Ask F5 service or (ii) a written end-of-life announcement communicated to Customer by F5. F5 is not obligated to provide hardware upgrades to ensure compatibility with new software versions of its products or to ensure that new software versions of its products are compatible with outdated hardware platforms.
 - (c) F5 will, at its option, repair or replace any Product or component that fails during the term of Customer's support agreement at no cost to Customer, provided that Customer contacts the F5 technical support center to report the failure and complies with F5's return policies. Products returned to F5 must be preauthorized by F5 with a Return Material Authorization (RMA) number marked on the outside of the package, and sent prepaid, insured and packaged appropriately for safe shipment. Only packages with RMA numbers written on the outside of the shipping carton and/or the packing slips and shipping paperwork will be accepted by F5's receiving department. All other packages will be rejected. A replacement Product or component will be shipped from F5's USA operations to the Customer on the next business day following F5's confirmation of the failure of the original Product or component via remote troubleshooting and receipt from the Customer of the RMA Template containing Customer provided delivery and system configuration information (Note: Some countries require additional coordination, licensing, etc., which may affect F5's ability to ship next business day). Customer will return the failed Product or component to F5 under the RMA number issued by F5 upon receipt of the replacement. F5 may invoice the Customer for any failed Products or components (a) with respect to which the damage to such Products or components is attributable to actions taken by Customer or any of its agents (including but not limited to the categories set forth in Section 4 below); or (b) not returned within ten (10) business days of shipment of the replacement unit(s) (c) Product not returned in the original packaging box or the replacement unit packaging that causes undue damage to the unit. F5 provides ASK F5 online support services at no charge during the term of this Agreement, provided that Customer must register to obtain a user name and password in order to access the Ask F5 services.

- F5 will access Customer's system only upon Customer request. F5 will not take control of the remote access session, but instead will guide the Customer through executing commands, gathering data, making configuration changes or other actions as may be necessary.
 - F5 recommends that the Customer create backup copies of configuration files before any work is performed.
 - Any recommended changes must be validated by the Customer and, where possible, will first be made on a stand-by unit.

Customer acknowledges that if a new support case is created in accordance with F5's support process where the issue is suspected to be, or is found to be, attributable to a Non-Supported Application, F5 may elect one of the following options, at its sole discretion:
- Remove the Non-Supported Application, following consultation with Customer, in order to continue to resolve the issue; or
 - Cease work on the case and recommend that Customer remove the Non-Supported Application from the F5 Product in order to continue toward resolution.
 - If the F5 Product continues to function improperly or if the issue persists due to the NonSupported Application, F5 will cease all support efforts on the case. The parties will then cooperate to develop a mutually satisfactory "for-fee" arrangement for continuing work on the issue.

4. **Restrictions.** Services provided by F5 under this Agreement are limited to the covered Product and are contingent upon the Customer's proper use of the Product in the application for which it was designed. 5. **Recertification.** Requests for maintenance on Products purchased from sources other than an F5 VAR or directly from F5 (i.e. used or purchased from an online auction), or where maintenance has lapsed on the Product for more than 180 days, will first be subject to an inspection by a representative of F5 at the rate of \$10,000 USD per unit (\$20,000 USD for redundant systems) payable to F5.
